

WSSHE

**Eastern Washington
Chapter
June 2013
Educational Meeting**

**PAINTING TECHNIQUES,
SAFETY AND PRODUCTS**
For Maintaining Healthcare Facilities

SPONSORED BY

**SHERWIN
WILLIAMS®**

Please join us for lunch and interactive presentations sponsored by Long Painting Company and Sherwin-Williams.

Our program will provide healthcare engineers and their painters up-to-date information on the application techniques for safely applying and handling the new generation of green and anti-microbial paint products.

Date: Friday, June 14, 2013

Time: 10:00 am - 2:00 pm

Location: Best Western Plus (Lake Front Hotel)
3000 Marina Drive
Moses Lake, Washington

Attendees: WSSHE Engineers, Healthcare Painters and Associates from Eastern Washington Chapter

Host: Jeff Engle
Long Painting Business Development Manager

Trainers: Mike Johnson
Long Painting Special Projects Superintendent
Mike Wilkinson
Long Painting Safety Director
Carl Fjelsted
Sherwin-Williams Healthcare Representative

Lunch Served
11:30 am to 12:30 pm

Seminar

Painting Techniques

Hands-on application training provided by Mike Johnson using various types of paint on different substrates. Mike has over 40 years painting experience.

Safety

The latest safety regulations will be covered by Mike Wilkinson to insure a safe work site. Topics covered include "Slips, Trips and Falls", Infectious Control Compliance and Hazardous Communications.

Paint Products

Carl Fjelsted will review the latest developments in paint technology for the healthcare industry. Included in his discussion will be Lo VOC, Anti-microbial and self cleaning paint and coatings.

Painting Products

All facets of patching level 4 and level 5 walls will be covered.

Please RSVP
