

NEW NARHC Member Benefit:
20% OFF Disaster Recovery

September is National Preparedness Month – is your organization prepared for a disaster? You can be with the National Association of Rural Health Clinic's new endorsed partner, **Agility Recovery**. For over 24 years, Agility Recovery has been the premier provider of disaster recovery solutions across the United States and Canada. Formerly a division of General Electric, Agility has had a long and successful history serving the healthcare industry.

Agility's approach is simple. When you join, experts work with you to outline your needs. Then, should you experience an interruption, Agility delivers whatever you need to get back up and running including: alternative space, power, telephone connectivity, internet to access EMRs, computers, servers, operating systems, printers and more.

When a disaster occurs you must continue to provide high quality health care. Agility helps healthcare organizations address this challenge. In fact, Agility has recovered 1000's of businesses and never failed. As a proud supporter of NARHC, Agility is happy to offer their solution at a **20% discount** for all NARHC members.
