

Tindale Oliver Welcomes Dustin Kuzan

Dustin Kuzan joins Tindale Oliver as an Assistant Project Manager/ADA Compliance Engineer in our Baltimore office. He has over 8 years of experience in the private sector, working for the Maryland State Highway Administration. Dustin also has 3 years of experience in geometric design and project management for highway projects, including intersection designs, highway geometric and roadside design and ADA retrofit projects.

Dustin will be assisting public entities in building more livable communities that provide multimodal transportation chooses, with data-driven and results-oriented transportation systems and decision-support tools.
