

PRIMEGROUP INSURANCE ANNOUNCES 5th INSURANCE ACQUISITION

Acquisition continues the strategic expansion of PrimeGroup Insurance in Florida.

Tampa, FL September 1, 2015

PrimeGroup Insurance (PGI), a leading commercial insurance, personal insurance and employee benefits agency, announced that it has acquired the assets of Hunter Insurance Agency located in Central Florida. Terms of the acquisition were not disclosed. Hunter Insurance will become part of PGI operations. The acquisition will be the third for PGI in the past eight months and the fifth in total, to date.

Hunter Insurance is an independent full service personal lines agency that has been serving Central Florida's insurance needs since 1967.

"We're extremely excited about the addition of Hunter Insurance to the PGI team", says Ed Ellsasser, PGI President. "This acquisition adds to our current presence in the Central Florida marketplace while combining the Hunter Insurance office with our current Central Florida office. This addition allows for more access to personal lines products. We've been strategically looking at personal lines agencies around the state in an effort to offer our current and future clients a more robust product and impeccable customer service. We believe that Hunter Insurance is a great agency that will fit with our culture immediately," said Ellsasser.
