

Nitro Mobile Solutions Joins the Inc. 500

The Tampa-based enterprise software development company has been named one of the fastest-growing privately held companies in America.

Nitro Mobile Solutions, a software development company that provides enterprises with fully integrated IT ecosystems and consulting services, announced that it has earned a position on the elite Inc. 500 list for 2015.

For 34 years, Inc. has welcomed the fastest-growing private companies in America into this exclusive club. To make it among the top 500 companies, honorees had to have grown at least tenfold in the past three years. With a three-year growth rate of 1,797 percent, Nitro excels beyond that requirement, earning the position of 248 on the list.

“We’re extremely proud to have made the list,” said Nitro President and CEO, Pete Slade. “We’ve worked hard to grow our business and receiving this recognition is truly an honor.”

As a member of the Inc. 500, Nitro now shares a pedigree with Zappos, Under Armour, Microsoft, GoPro, and other notable organizations.

"The story of this year's Inc. 5000 is the story of great leadership. In an incredibly competitive business landscape, it takes something extraordinary to take your company to the top," said Inc. President and Editor-In-Chief Eric Schurenberg. "You have to remember that the average company on the Inc. 5000 grew nearly six-fold since 2012. Business owners don't achieve that kind of success by accident."

The annual Inc. 5000 event honoring all the companies on the list will be held from October 21 through 23, 2015 in Orlando. Speakers include some of the greatest entrepreneurs of this and past generations, such as Marcus Lemonis, host of the CNBC show "The Profit," Robert Herjavec, one of the main "sharks" on ABC-TV's "Shark Tank," KIND Founder and CEO Daniel Lubetzky, and Co-Founder of Goodshop.com JJ Ramberg.
