

3-PART SEMINAR SERIES:

IMPACTING BLOOD CHEMISTRY WITH WHOLE FOOD NUTRITION

Drs. Will Mitchell and Marlene Merritt, DOM, LAc, ACN

SAT & SUN, JUNE 30 & JULY 1

Saturday 2-6pm, Sunday 8:30am-5:30pm
Holiday Inn Long Beach Airport Hotel
2640 N. Lakewood Blvd, Long Beach, CA 90815

\$129 - Early rate

\$149 - At the door

Lunch on Sunday is included in cost.

Please see back for details & registration information.

YOU WILL LEARN...

- Functional ranges for blood values
- How to recognize patterns on a blood test
- How to recognize adrenal fatigue, hypochlohydria, thyroid patterns, specific anemias, etc.
- Which are dangerous cholesterol patterns and which are not
- Liver and kidney dysfunctional patterns
- Case studies, test examples, and specific protocols
- Nutrition and herbal medicine recommended for these patterns
- What blood tests to request, and how/where to order

***We encourage you to bring your own current blood tests to the seminar for evaluation.**

ABOUT OUR SPEAKERS

DRS. WILL MITCHELL AND MARLENE MERRITT, DOM, LAc, ACN successfully integrate Oriental medicine with nutrition and utilize Western lab testing into a practice that specializes in functional medicine. Dealing personally with celiac disease, they have become experts at working with this condition. They credit the addition of nutrition and functional medicine in their OM practice for expanding their ability to treat difficult medical conditions, and for more directly impacting a wider range of patients. Lecturing nationally, and with published articles on nutrition, they

have patients across the U.S., as well as having a full-time clinical practice in Austin, Texas.
