

Next Meeting – October 22, 2013

We meet the 4th Tuesday of every month

(6:30PM – Ippolito's – located just east of GA 400 on Holcomb Bridge Road in Roswell, GA)

John Damer

Update on the Toccoa Tailwater

John Damer, recent recipient of Blue Ridge Mountain [Trout Unlimited's](#) 2013 George Andrin Conservationist Award. The award is named for the chapter's founder and is annually awarded to an individual for their contributions to trout habitat in the region.

John will be providing us with an update on the status of the Toccoa River tailwater. On July 23, Damer stocked 25,000 brown trout fingerlings (3 - 4") and 3,648 brown trout catchables (9 - 11") in the Tailwater. However, the fish were not just dumped in the river in the likely and easy stocking sites. Like last month's extensive fingerling stocking, these fish were stocked via jet boat from the dam to Horseshoe Bend.
