The Member Rebate Program is a free member benefit that is available to all active Builder & Remodeler Members.

The Manufacturers offer the same rebates that the “Top-10 Builders” receive regardless of your volume.

Participating Manufacturers

Benefits of Participating:

MONEY!

We send quarterly rebate checks all for just remaining loyal to the leading manufactures you already use in your homes, remodels, or multi-family units.

Approximately 70% of the Builders & Remodelers who participated last year nationwide made MORE back in rebates than they spent on dues to their HBA.

Sounds like a lot of work? Wrong! We do all the paperwork and mail you a quarterly rebate check directly. You don't have to change how you purchase anything and don't have to submit receipts to us. It couldn't be any easier!

Why do I get the rebates?

Manufacturers want to reward you because they recognize that the small to mid-size Builder and Remodeler is the largest segment of the building industry.

These manufacturers are rewarding those Builders and Remodelers with rebates for their loyalty to the products that you most likely are already using in your projects.

How do I get the rebates?

To start receiving your rebate, please register (tells us where to mail the check) and submit the Rebate Claim Form. The Rebate Claim Form lists all participating Manufacturers in the program and what we need in order to process your rebate.

You can register & complete the Rebate Claim Form online at: www.HBArebates.com or in our Quarterly Ad.

Frequently Asked Questions?

What if my Subcontractors buy supplies?

The Manufacturers are rewarding loyalty with these rebates. If you are specifying the product to your Subcontractors, then you are affecting the sale and therefore qualify for the rebate.

Must I align with all Manufacturers?

No. However, the more Manufacturers in our program that are used, the larger your rebate check will be.

Frequently Asked Questions?

What's in it for our HBA?

Associate Members

By mentioning the Member Rebate Program to your customers who are members of your Home Builders Association, you are building reciprocity with the Builder & Remodeler. Every quarter, when your customer receives a rebate check they will think of you who introduced them to this free member benefit.

The program can also be used to recruit new members in your Local HBA. If you have a builder or remodeler that buys products from you, that would qualify in the program, they are your perfect prospects.
