A Project of

Linking Special Needs Families
to Their Communities

10 years ago, our son was diagnosed with Autism. We couldn't participate in local activities for little kids because of his extreme behaviors (like non-stop door slamming.) I felt very isolated. If I'd had this group back then, we would have learned how to navigate life as an Autism family so much sooner.

--Melanie H., Peachtree City

**Special Needs Parents and Kids
in South Metro Atlanta now have
the support they desire:**

- Virtual Village of Support through Facebook Group
- Infoshare Coffees with Local Parents, Monthly
