

Our Prom is an annual event and the biggest party of the year! This year we worked with Delta Zeta sorority at the University of North Georgia to host an Under the Sea themed event. We met at the restaurant of a local golf course community and found them to be very gracious hosts. They provided all the food and drinks for the evening as well as a very enthusiastic staff to make sure everyone had a good time. I think the manager and staff had as much fun as our guests! The Delta Zeta sisters created our decorations and painted a colorful backdrop for portraits. They decorated the venue and stayed to party.

As part of our outreach, we sent a team of volunteers to a local assisted living center to help adults with developmental disabilities who live there. We brought donated dresses, jewelry, Mary Kay make up samples, nail polish and lots of smiles to help the ladies and gentlemen prepare for their big night. Our DJ for the night was a wonderful UNG student who played music that kept the dance floor full the entire time.

We had about 90 participants at our prom this year and it was great fun seeing everyone dressed up and dancing the night away!
