

ARCHITECTURAL DESIGNER

POSITION DESCRIPTION

DS Architecture is currently in the process of accepting resumes for the position of Architectural Designer. Candidates should be capable of being part of a project team and have a strong understanding of projects from the conceptual design phase through the construction documents phase. Our environment encourages team collaboration, team excitement, and team personality to create successful projects. A paramount attribute of any staff member is the ability to work in partnership successfully with the entire team and to have fun.

FIRM PROFILE

Founded as a sole proprietorship by David L. Sommers in 1983, and joined by Jeffrey Meyers to form a partnership in 2010, the firm of DS Architecture has grown into a dynamic team of professionals committed to our work.

We are a design led firm with a serious dedication to connecting with our clients with the goal of creating an exceptional experience and an exceptional product.

Principal Architects David Sommers and Jeffrey Meyers lead our diverse team of 21 individuals which includes: 10 Registered Architects, 4 Interior Designers, 5 Project Designers and 2 Administrative Personnel.

PROCESS

We listen. Our early involvement in a project via site analysis, needs assessments and feasibility studies lays the groundwork for a project that meets goals of the budget, schedule, form and functional needs.

We lead. We guide the discussion and promote the collaboration between all team members to produce a project we are all proudly invested in.

We Innovate. Every project is unique. Reaching the optimal solution for each project requires a team committed to studying, assessing and developing the most efficient and enduring design.

DESIGN

Over the years, the firm's breadth of experience in multiple disciplines of architectural design has led to the development of five project focused studios:

Police/ Fire/ Administration
Restaurant/ Retail
Adaptive Re-use
Animal
Healthcare

Giving Shape to Your Vision Since 1983

136 North Water St. Suite 208 Kent, Ohio 44240 330.678.6144 www.dsarchitects.net
