Protect Yourself with the Better Business Bureau and the Tiverton Library

Learn how to protect your identity and your money at this presentation by the Better Business Bureau on Tuesday, April 21, from 6-7 PM at the Sandywoods Center for the Arts in the Yellow Building. At this event, you will learn about the most common scams currently circulating the community, the major red flags to watch out for, and the tactics consumers can use to protect themselves and their identity. Teens and adults are welcome!
