PLAYER CONTRACTS 2016

The global football law conference

Player Contracts returns to London on 12-13 October 2016. Following on from the huge success of the 2014 and 2015 conferences, we again aim to bring together leading football delegates to examine the most pressing legal issues in the professional game today.

Last year was the biggest Player Contracts yet, with more than 300 delegates from 55 countries joining us in London for the event.

Through interactive seminars and expert presentations, attendees will gain a deeper understanding of the critical issues, together with a comprehensive overview of the current landscape in professional football, from legal, regulatory and commercial perspectives.

Get first-hand advice from experts, hear high-profile speakers from football's leading organisations and network with other professionals in the field at Player Contracts 2016.
