Treading the Inner Corridors of Power & Possibility

This seminar is co-taught by Dr. Richard Bartlett and co-instructor Melissa Joy. Prerequisite: Students must have successfully completed a minimum of one Fundamentals or one Level 1&2 seminar. Students may attend the Magic seminar immediately upon completion of the above requirement.

The Magic seminar explores the powerful field of consciousness potential and further expands upon the fundamental Matrix Energetics skill-sets taught at the Fundamentals seminar. This course is focused on the art and science of creation, realization and manifestation, and effectively takes individuals into the realms of intensified personal empowerment. From this continually expanding place of heart-centered being, students gain a greater mastery of magical living, healing, manifestation and personal transformation. The theme of the Magic seminar is the development of personal responsibility and awareness of self to expand reality beyond previously limiting patterns. From the platform of heart-centered awareness, the Magic seminar offers specific techniques for life change, many of which derive from a foundation in Western Magical Practices.
