

# NATURAL Glass Creations

## Lakeridge Elementary

Dates: Thursdays, 4/23 - 6/4

Duration: 7 weeks

Time: 3:30pm - 4:45pm

Location: Multi-purpose room

Tuition: \$196

Grades: K-5

**FREE TUITION!** First come/first serve for one parent who volunteers for the class. Please visit [www.smartwithart.net/volunteer](http://www.smartwithart.net/volunteer) for details and to sign up.

Learn about the various forms of glass fusing while creating works inspired by nature!

Learn how to design fused glass pieces, the different types of fusing, and the shapes that can be created.

Using the perspective that Georgia O'Keeffe found while looking at nature, we will incorporate her inspiration into a flower plaque. Next, students will learn to paint on glass, and incorporate the pieces in a collage created on canvas. Mosaic is another form of glass art, and we will be create our own nature-inspired pieces, and, much more!

Join us on this artful journey just in time for spring! And, as always, Dress for Mess!
