

# Wa'a Talks

## Community Grounded, Globally Connected

**Join the effort to connect classrooms at home and around the globe with the Mālama Honua Worldwide Voyage**

In its second year, Wa'a Talks continues to support teachers, administrators and communities that want to learn through the global journey of Hōkūle'a and Hikianalia. In Fall 2015, all O'ahu Wa'a Talks will be located dock side of Hikianalia as she travels around our island. Be a part of this intimate opportunity to strengthen community, connect and share ideas.
