Rick Moon Joins National Sales Force of Fullerton Companies' Building Systems Division

MINNEAPOLIS, MN. Fullerton Companies, a leading supplier of building materials, panelized building components and building finish systems to the construction industry, has added Rick Moon as a National Accounts sales representative for the Fullerton Building Systems division. His appointment was announced by David Walock, president of the 134-year old firm.

"Rick is an outstanding sales and marketing executive, with years of experience in marketing modular and panelized building products to the commercial and residential construction sectors. He is a strong addition to our rapidly growing Fullerton Building Systems division, and will be focused on marketing our panelized construction systems to fast food franchising organizations and leading multi-unit franchisees in Texas and the southwestern U.S.," said Walock in commenting on his appointment.

Moon joins Fullerton from Guerdon Modular Buildings, where he was regional business development manager, based in Sioux Falls, SD. Prior to joining that firm in 2013, he held business development and marketing positions with Champion Home Builders, Inc., Fleetwood Manufacturing and Ford Motor Company.

Moon is a graduate of the University of Virginia, with a bachelor's degree in marketing management, and holds an MBA in marketing from Vanderbilt University's Owen Graduate School of Management.

Founded in 1882, Fullerton Companies has grown over the years to become a leader in the building materials industry of the Upper Midwest, and an industry leader in the development of faster, more cost efficient construction methods..

. The Plymouth, MN-based firm operates through three key subsidiaries.

Fullerton Lumber -The Builder's Choice offers a complete line of quality building materials to professional home builders, commercial contractors and developers, with regional supply centers located in four cities.

Fullerton Building Systems manufactures building components and panelized building packages from a plant located in Worthington, MN.

Fullerton Finish Systems, another subsidiary, produces "quick-install" exterior wall finish panel systems for McDonald's, Holiday Stationstores and other national retail and commercial clients from its manufacturing plant in Tulsa, OK.
