

Acadia Healthcare is seeking psychiatrists to fill a number of positions in their locations across Louisiana. These are full-time positions that offer competitive compensation and benefits. Acadia is a provider of inpatient behavioral healthcare services. Acadia operates a network of 258 behavioral healthcare facilities with over 9,900 beds in 39 states, the United Kingdom and Puerto Rico. Acadia provides psychiatric and chemical dependency services to its patients in a variety of settings, including inpatient psychiatric hospitals, residential treatment centers, outpatient clinics and therapeutic school-based programs. Acadia Healthcare and the many facilities and people that make up this successful healthcare organization would absolutely not exist if it were not for our Physicians. It is through a Physician's selfless sacrifice to their career and life of service to others that makes them an obvious hero of our industry.
