## From Headmistress Ms. Anderson:

*Welcome back to a new, exciting school year and for our new students and parents, welcome into the Broach Tampa Family. We are looking forward to a year filled with academic achievement, student-parent- staff collaboration, and out of school adventures.*

*My staff and I have planned for 2015-2016 as our best year ever. This newsletter is the result of just one of the many lesson plans that will integrate academic study with real life experience. We will offer many ways for everyone's involvement from parent fund-raising and classroom volunteers to community support and a variety of guest speakers.*

*I know, with all of us working together, we can all show off our "Broach Bear Pride"!*

## JULIUS' SPORTS SCENE

By Julius

The Tampa Chiefs played the Brandon lions and the Chiefs was winning at first but then the lions ran the ball and made a touchdown and the lions had 21. The Chiefs was mad at first but they said no we are not going to get mad ok. So we need to get out there and win we are not going to sit around and just cry ok so lets get out and win this thing Chiefs. Chiefs on three. One, Two, Three Chiefs. The Chiefs made a touchdown and the lions made another touchdown. But the Chiefs came back and won by one touchdown.

## A NEW, EXCITING YEAR REVEALED FOR BROACH SCHOOL, TAMPA

By Kelly

THE school year began with an open house on Thursday , August 27th. Every family that attended met each other, toured the school, met the teachers, and learned about some of the plans for the coming year. Each student received a book bag, which was filled with school supplies. It was a great day and, to top it all off, dinner was served.

I met a lot of new kids that go to the school and the teachers , like Miss A and Miss Gettys , Ms. V, Mr. Lee and Miss Miles.

By Roben

I haven't been to Broach School very long, , but it seems as if I already know a lot about Ms. Gettys.

She was born in Connecticut, but lived her whole life in Pinellas County and has a family of three children, one boy and two girls, but only has one left that still lives with her. Her family is very close and do a lot of things together.

She let me know that she went to college when her kids were in their teens and graduated with a Masters honors from Springfield College in Mass. She used to be an accountant, but loves to teach, so she went back to school.

Some of her favorite things to do are camping, collecting books and antiques. She even took some students

By Lauryn

This year we are pleased to have a new teacher, Mr. Lee. He is teaching the grades K-5. When I spoke with him, he let us know that he is married and has two children, a boy and a girl.

Mr. Lee has served his county as a Marine for eight years, graduated from St. Thomas Collage and has always been a resident of Tampa.

Besides teaching at Broach, he is also a pastor for the Lord's House Church.

Some of his favorite things are reading, playing the drums and eating Mexican food.

He is teaching all the core curriculum plus assisting with the high school PE class.

We all thank him for his service and are looking forward to sharing our Broach family with his.

Mythical Creature: Did you Know?  
from *Mythical Monsters* by Gerrie McCall & Chris McNab.

### *The Luckdragon*

Luckdragon feed on air and heat. They require no other food. Without air and heat, they live a very short life. They are said to live in the Lake of Tears, in the mythical land of Fantastica.

When a flying Luckdragon is viewed from above the Earth , it resembles a slow flash of lightning or a white flame.

The Luckdragon is a friendly one who does not mind the humans. It is very famous as it was an actor in the movie, *The Neverending Story*.
