

Get the social services you need

Facing tough times? Contact Human Services to find out whether you qualify for food stamps, local food pantries, utility assistance programs, prescription assistance, rent or mortgage assistance.

Benefits screenings are conducted by Township social services workers at Town Hall, or by county social workers on the Mobile County Welfare Van, stationed once a month in front of Town Hall. Home-bound seniors and disabled residents can be screened at home.

Holiday Assistance

Assistance is available to a limited number of low-income Bloomfield residents who cannot provide holiday food and presents for their families. Call Human Services in early November to learn more.

Get help navigating Obamacare

Bloomfield Human Services now has a certified application counselor to help residents understand their insurance options under the Affordable Care Act (Obama Care). Call for a free appointment.

Have you heard of Healthy Monday?

It's a new Health Department initiative. Sign up for NIXLE or follow the department on Twitter: @BloomfieldHDNJ, to receive a health tip every Monday. Go Healthy Bloomfield!
