

Your Own French Home: Fractional Ownership with Great Advantages
Chateauneuf du Pape | Provence, France

We are excited to offer a limited number of fractional shares of our townhouse in Chateauneuf-du-Pape. For more than 15 years, we have enjoyed lazy summer days, starlit strolls in the vineyards, progressive wine dinners with local wine makers, and learned about the wines of the Appellation d'origine Controlee called Chateauneuf-du-Pape.

Studies show the average usage of a solely-owned vacation home is only 4-6 weeks per year, but property taxes and operating expenses must be paid year-round. We created our first fractional property more than 20 years ago to make our annual visit to Provence an affordable dream come true. Our partnership is still going strong - each owner enjoys time at their Own French Home, every year.

Please contact me soon to learn how you can join us in this adventure and enjoy Your Own French Home for 4 weeks each year for a fraction of the cost of being the sole owner.
