

Camp INSIGHT

The CHOICE is yours! How you are going to participate is up to you. No one can guarantee, give, or tell you what level of success you will achieve. We can assure you that you will learn the basic fundamentals of art, baseball, basketball, cheerleading, computer, drama, football, softball, and/or volleyball during the 2016 Sports & Specialty Camps. Put this to work with constant determination and dedication and you will improve.

It will not happen overnight, but it will happen. Give yourself the opportunity to become a future champion. Don't be the one who looks back three or four years from now and says, "I wish I had listened, tried harder, worked more, and gone to camp." There is no secret to success. It is just work, work, work; practice, practice, practice! Let the NFC Summer Sports & Specialty Camps help to start developing your potential abilities.
