

Western Canada District

Governor Elect Sam Sekhon – Starting the New Year

I would like to take this opportunity to thank Governor John Collins for a great year.

We all joined this great organization because we saw something that touched our souls. Remember “why” and get the flame burning again- to serve to the children of the world.

Last year, I wrote about the [I-Plan](#). Now it is time to put it into practice. Success comes easier if you have a road map to reach your destination.

Kiwanis is a team endeavor; your Presidents, Lt. Governors or the Governor cannot do it alone. All Kiwanians in Western Canada Division should use the “I –Plan” approach to focus our energy.

Your respective Lt. Governors will make club visits to help guide your club Leaders on what they should be aiming to do.

Our Goals this upcoming year is to have ONE new club in each division and one SLP Club in each club. Do not be shy to talk about your achievements, advertise them in the communities you serve.

Club Officer training should be completed ASAP. I would highly recommend that you do your CLE training on line. (To save trees and reduce costs)

To the Club Secretaries please complete your reporting on time as when we study these reports we can judge the health of your clubs. Early detection and control can make the difference between survival and demise of a club.

Your Lt. Governors are the liaison between the clubs, Kiwanians and myself. You may have a suggestion that you think will be good for Kiwanis and your clubs. Remember that no idea is a bad idea. The Lt. Governor will go through these and discuss them with you.

As well your Lt. Governors will be calling for Division meetings and discussing KI expectations, understanding your concerns and help you to make the changes that you wish.

In the last year we have accomplished great things together. We have made difference in the lives of thousands of people. I like to continue this journey with greater dedication and enthusiasm than ever because I believe in you all, let us achieve our goals together.

Sam Sekhon

Governor Elect - 2015 | 2016
