

RAC Audits Coming to a Facility Near You!

E²xponential™ Health Care Consulting...CAN HELP YOU!

Assess risk

Identify areas of opportunity

Assist in developing a plan for compliance

Secure appropriate reimbursement!

E²xponential™ Consulting Services is offering a comprehensive mock RAC audit to assess the following areas:

- **Medicare Eligibility:** Do your Medicare Part A claims meet criteria for SNF Level of Care?
- **MDS 3.0 Technical Audit:** Do your medical records support MDS coding and RUG Level?
- **Rehabilitation Therapy:** Does your therapy documentation meet medical necessity guidelines and support the level of intensity billed? Do your therapy minutes match what is coded on the MDS?
- **Clinical Audit:** Does your skilled nursing documentation support SNF level of care? Is the level of assist and support provided for ADLs supported in the medical record?

This 1-2 day Mock RAC audit will help your facility be proactive in **Securing Medicare Part A Revenue.**
