INSIDE NONPROFITS

Charities Will Now Pay A Little Less To Apply For 501(c)(3) Status

The user fee to process the Form 1023-EZ, which is the application for recognition under 501(c)(3) status, has been decreased from \$400 to \$275 as of July 1, 2016. Visit <http://bit.ly/2apEk9D> to read more.

New Rules and New Form for Organizations Seeking 501(c)(4) Status

On July 8th, the IRS issued new rules and a new electronic form for groups that wish to operate under 501(c)(4) status. The new Form 8976 must be submitted within 60 days of the organization's establishment. The new rules are clear for social welfare and local association groups but a bit blurry for groups involved in lobbying and political activity. Visit <http://bit.ly/2apxEyz> for more information.

New Rules and New Form for Organizations Seeking 501(c)(4) Status

In the next few months, Governor Cuomo is likely to sign SB8160, a bill affecting nonprofit advocacy organizations. The bill would require 501(c)(3) organizations that provide support (cash or in kind) to 501(c)(4) organizations for purposes other than lobbying to disclose their donors and subject others to strict campaign finance rules. For example, a 501(c)(3) organization that provides pro bono legal services, management training, or other non-lobbying support to a 501(c)(4) that is over a certain value may have to disclose all of its donors as a result. This bill is likely to have many unintended consequences on 501(c)(3)s who may work with those advocacy organizations.

NPCC wants to find out what, if any, consequence this bill might have on your organization. This survey is 5 questions long and should take no more than 10 minutes to fill out. Your responses will be used in the aggregate and your organization name and information will remain confidential. Individual responses will not be disclosed without permission. Visit <http://bit.ly/sb8160> to begin the survey.

Re-Launch of the NYC Benchmarking Help Center

The New York City Benchmarking Help Center supports property owners in complying with [Local Law 84 of 2009 \(LL84\)](#), a mandate requiring all buildings larger than 50,000 square feet (or groups of buildings within a single property that together are larger than 100,000 square feet) to submit annual energy and water benchmarking reports. The Help Center offers a free, one-stop shop for LL84 information and support with dedicated full-time staff to help improve data quality so data can be better used to make cost saving, energy efficiency decisions. If building owners have questions about deadlines, whether or not a property is covered, how to gather energy and water data, or how to use the U.S. Environmental Protection Agency's [ENERGY STAR Portfolio Manager®](#) tool, the Help Center is available to assist. For those that still need to comply with LL84 for 2016, the third deadline to avoid a violation and \$500 penalty is coming up on November 1st! If you have any questions, email the LL84 Benchmarking Help Center at questions@benchmarkinghelpcenter.org, call 212-566-LL84, or visit www.nyc.gov/ll84helpcenter.
