**Information and Action Item: Winnetka Public School Nursery
Facility Improvement**

TO: School Board
Trisha Kocanda, Superintendent

FROM: Greg Kurr, Chief Financial Officer

November 17, 2015

Overview & Background

Winnetka Public School Nursery ("WPSN"), a long-time tenant of the District is requesting Board approval to replace, at its cost, an awning over the entrance door, which is in need of repair. The proposed replacement will be wider in order to protect most of the area of the entrance stoop. See the attached diagram of the proposed awning replacement.

Administration reviewed the proposed installation and believes it is aesthetically appropriate and is not harmful to the structure of the building. WPSN has also gained approval for the installation from the Village.

Recommendation

The recommendation is for the Board to approve the installation of the replacement awning, as proposed by WPSN.
