Dear Family and Friends of the 8th grade students and Local Business Owners:

I am writing to you on behalf of the Burlington Township 8th Grade Advancement Dance Committee. On June 17, 2015 the current Burlington Township Middle School @ Springside 8th grade class will celebrate the completion of middle school and their advancement to high school with a ceremony and dance as a safe way for students to celebrate this milestone. The cost of this event is completely funded through donations and fundraising.

There are approximately 290 students in the class this year. As you can imagine, hosting a dance for this many students is very costly. That is why I am writing to you today. Our committee is hoping that you will consider making a monetary donation to help support this worthwhile event. If you would prefer, your donation could instead be in the form of an advertisement in our ad book. This book will be distributed to each student on the night of the dance. Your advertisement could potentially reach over 290 families and their friends! The cost of advertising is as follows:

| Ad Size | Ads will be in black & white | Cost |
