

Recycle for a Cause

We were excited to welcome Cosmos Group of Companies as one of our new partner agencies two years ago. This unique organization supports the community through its many programs and recycling depots.

We invested in the expansion of their Career Connections program so that more clients could receive help with pre-employment training, career development, job placement and follow up support. The expansion of the program has been very successful.

Cosmos also runs bottle depots in Red Deer and Blackfalds, where the money raised is invested back into local non-profit organizations. As part of our partnership, Cosmos declared that all the recycling at their public drop off locations for the month of January this year would go to United Way. In addition to some funds raised from a chilli cook-off, this amount came to \$844.65.

It gets even better! Cosmos has offered recycling bins and pick-ups for businesses that support United Way, where the proceeds from your empties can enhance your United Way campaign. There is absolutely no cost to you. If you don't have a recycling program in place at your office, we encourage you to give us a call so we can get you started!
