

GUARANTEED LOAN WORKSHOP FOR SMALL BUSINESS FEBRUARY 16 11:30 AM

Howard Wills, Director of the State Small Business Credit Initiative (SSBCI) in Alabama, will join with Brent McMahan, Senior Area Manager with the US Small Business Administration (SBA), to present important details on the guaranteed loan programs for small business from these two agencies.

Each program has proven itself to be an important tool for lenders in furnishing credit to small business borrowers. Chamber members who seek or need loan funding for their businesses will want to attend to hear about the details on the very popular programs across Alabama, including banks in our area.

Individuals owners who attend can set up follow-up one-on-one appointments as needed. Lenders who attend can discover mitigation help by using guaranteed lending.

Call the Andalusia Area Chamber of Commerce (222-2030) to reserve a seat.
