

JOHN W. BAUMGARTEN ARCHITECT, P.C.

Firm Profile

John W. Baumgarten Architect, P.C., established in 1997, is an award winning, full-service architectural firm serving proprietary and not-for-profit organizations in the healthcare, education, commercial, corporate and public arenas. We are specialists in the master planning of complex phased projects and provide an integrated approach to architecture, interiors and engineering.

Our Firm is comprised of experienced and qualified architects and planners with over 20 years of combined design excellence. Our commitment to quality is reflected in our focus on “thinking the problem through” and considering every architectural opportunity to meet our clients’ goals. We produce sustainable, well-designed solutions that are aesthetic and “buildable” while also being responsive to our client’s program, budget and time schedule.

Our thorough knowledge of municipal codes, government regulations, and industry standards provide a solid foundation for our design work. In addition, we also engage a comprehensive consulting network of over 120 design professionals. This assures that we provide the best cutting-edge solutions and quality designs to our clients all under one roof. Our trusted reputation with state and local governing agencies ensures an expedited approval process to move projects along from concept to punch list.

John W. Baumgarten has a professionally trained staff, including those who have achieved the United States Green Building Council’s LEED (Leadership in Energy and Environmental Design) accreditation. We build sustainable design principles into every project. Our staff environment is team oriented. Our teams are led by Principal and Associate level professionals who are continuously involved in the planning, control, implementation, and quality review of each project. We are committed to providing personal attention and apply a multi-faceted communication approach – keeping our clients informed every step of the way. Each member of the team is familiar with the overall project requirements at all times, ensuring our clients the peace of mind that projects will be delivered on time and on budget. This approach has been proven successful by the fact that a majority of our clients utilize our services on a continual basis.
