

MD Packaging – Your Full Service Distributor

Who is MD Packaging?

MD Packaging is Canada's foremost distributor of packaging automation technology for the manufacturing sectors in the food, pharmaceutical, consumer goods and industrial products industries. We are exclusive across Canada for both sales and service with Mettler-Toledo Hi-Speed Checkweighers, Mettler-Toledo Safeline X-Ray, Enercon Induction Sealers, JLS Automation and Flexicell. We are also one of the original and largest distributors for Wexxar/Belcor/IPAK, Universal Labeling Systems and Consolidated Technologies. The above companies remain our "core lines" however; we sell and support many others too.

MD Packaging has factory trained service technicians strategically based coast to coast.

Some of our Service Offerings:
