WISDOM HOUSE Retreat & Conference Center

229 East Litchfield Road, Litchfield, CT

Spending significant amounts of time each day in racial affinity groups, this workshop will allow the time and space for individual work, the work we need to do within our racial groups, and the work we need to do together. Exploring history, sharing our stories, using movement, art, media and body work, we will access and seek to dislodge seeds of inferiority and superiority that live within us and work to establish new ways of being that are about greater wholeness, truth-telling, and healing. We do this to become more effective transformers who work to de-structure systemic and structural racism in this world.

The workshop will be limited to 24 participants - with an equal number of individuals working in each of the two racial Affinity for Healing groups.

* This is the first offering of BD101-Race! We expect that future offerings will be open to a wider range of people of color as both participants and as facilitators.
