

**WIN**  
**\$10000**

AIRCRAFT ELECTRONICS  
ASSOCIATION

**Toward your ADS-B UPGRADE!**

# ENTER TO WIN AT BOOTH 2035-2036, HANGAR B

***Yep, there are some simple rules in order to qualify:***

AIRCRAFT ELECTRONICS  
ASSOCIATION

1. You must be at least 18 years old. You must actually own an airplane.
2. You must use an AEA-member avionics shop for the installation. (Psssst... there are nearly 900 to choose from.)
3. You must schedule your installation by Aug. 1, 2016, and the award money will be sent directly to the AEA shop at that time.
4. One entry gives you a chance at the five daily drawings.

*Contest winners must be able to provide proper identification and proof of compliance to all contest rules. If a winner cannot be contacted, fails to claim the prize by Aug. 1, 2016, or is disqualified for any reason, the Aircraft Electronics Association reserves the right to determine an alternate winner or not to award the prize at its sole discretion. Employees of the Aircraft Electronics Association, the AEA board of directors or any employee of an AEA member company, and their immediate families are not eligible to win this prize.*
