

## Muirlands Parent-Paid Bus for TPES Area

Dear Parents,

The Muirlands Bus Committee is currently assessing interest in continuing the bus service next year. We are also exploring the option of expanding the program to two buses, and/or including high school students. These changes would all be contingent upon approval from the district.

For those not familiar with the Muirlands Parent-Paid bus, this is a service for Muirlands students in the TPES neighborhood. High school students are currently only able to ride the bus if they have a Muirlands sibling. The cost for the year is \$500 for the first student and \$250 for an additional sibling. There is no cost for students who qualify for free/reduced lunch. The pick-up locations are at Villa La Jolla Dr/Gilman Dr at 6:40am and TPES at 6:50am. Students are dropped off at the same locations in the afternoon, 2:50pm at TPES and 3:00pm at Villa La Jolla.

**Please help us gauge interest and plan for next year by completing the interest form** below if you think it is likely that you will use the bus service next year. Registration will be on a first-come first-serve basis and will begin in the next 1-2 months with announcements in the TPES eTwig, MMS eSplash, LIES e-News, and via TPES 5th grade room parents.

Please complete the short form below:
