

WELCOME BACK
English Learners Advisory Committee

We are looking for parents interested in becoming members of the English Learners Advisory Committee (ELAC). The committee will meet approximately 3 times a year.

The ELAC advises:

- The principal and staff on the school's program for English Learners
- The School Site Council (SSC) on the "Single School Plan for Student Achievement"

The ELAC assists the school with:

- The school's needs assessment
- The school's annual language census (R-30 Report)
- Efforts to make parents aware of the importance of regular school attendance

Being involved with ELAC benefits parents by offering:

- Training and support about English Learner instructional programs and compliance
- Advocacy opportunities for their child and other EL children
- Parental involvement opportunities

If you would like more information about the English Learners Advisory Committee (ELAC) please call Jeff Luna at 858-459-4211 x 156 or Sam Cisneros at 858-459-4211 x 157.

Thank you!
