

BOOK DONATIONS NEEDED FOR ALL AGES

BOOKSHELF is pleased to announce nationally acclaimed author Judy Bernstein will be speaking to our 8th graders during an assembly on Tuesday, January 5th.

Ms. Bernstein, a Muirlands Alumna, co- wrote the award-winning book "They Poured Fire On Us From The Sky," a true story as seen through the eyes of three Sudanese children who had to flee their country. These children became part of a group called the Lost Boys, many of whom the International Rescue Committee helped resettle in San Diego.

Over the next two weeks, Muirlands Foundation will collect new and used books to donate to the International Rescue Committee.

All 6-8th grade students are invited and encouraged to donate books needed for all school-aged children K-12. Please bring your books to the library or office by Friday, January 15th.

For questions, contact Celeste Trudeau at celestetrudeau@me.com.
