

ASB Philanthropy Team Announces the Uganda Education Campaign
Now through April 15th

Raising awareness of problems around the world is an important part of our children's education. The Muirlands Middle School Uganda Education Campaign raises awareness and gives our students the opportunity to give back to those in extreme need. The Northern Ugandan sponsored students are orphans resulting from the horrific LRA War. Without parents, they would not have the opportunity to attend school. MMS partnering with U-TOUCH has helped support the education of 24 orphans for their bright future. MMS is providing the opportunity for an education while including access to computers with technology skills training for the sponsored students and the community through the U-TOUCH Technology Innovation Hub. As a result students are going on to gain a university education and becoming employed or going into entrepreneurship. MMS is making an important and meaningful impact.

Your child should have been given a packet for this fundraiser in their first period class. Please read the "sponsored student" bio on reverse side of flyer and discuss hardships of living in a developing country. The sponsored students place a high value on education and are most appreciative of MMS support to be able to attend school. Please encourage your child to give the gift of education and ask family, friends and neighbors to help support these students living in abject poverty. Ask your child to return their envelope to their first period class with money they have collected for which they will receive hand-made Ugandan thank you gifts. Please highlight your child's opportunities in the US as compared to the children of northern Uganda. Brilliance is equally distributed, opportunity is not!

Please Give a Gift of Education to the Uganda Education Campaign and help your child become a Global Citizen, making an impact in the world!

U-TOUCH a 501 (c) 3 non-profit organization. 100% of the funds reach the students in Uganda.
