

## VICE DEAN FOR BIOMEDICAL AND MEDICAL EDUCATION

The University of Iowa Roy J. & Lucille A. Carver College of Medicine (UI CCOM) is a recognized leader in medical education, and is currently advancing an innovative model of undergraduate medical education. Consonant with its leadership role, UI CCOM now seeks to integrate the full spectrum of its educational activities through a newly created position of Vice Dean for Biomedical and Medical Education. This position offers a unique opportunity for an individual focusing his/her career on biomedical and medical education to develop and advance an innovative and comprehensive program that spans the entire spectrum of education. The Vice Dean for Biomedical and Medical Education will oversee all UI CCOM educational units, including undergraduate (B.S.), graduate (M.S., Ph.D.), undergraduate medical (M.D. and M.D./Ph.D), graduate medical education (GME), and faculty continuing medical education (CME). The ideal candidate will recognize and support outstanding education leaders in each program while creating an education team that shares best practice and innovation. This leader must be committed to CCOM's goal of achieving inclusive excellence by creating a learning environment that values and integrates diversity and inclusion. The Vice Dean for Biomedical Education will be a member of the UI CCOM Dean's Executive Team. He or she will work closely with the Dean and with the leaders of each unit to advance the education mission in the broadest context.

### **Required Qualifications:**

- An MD or PhD and > 10 years of experience in a major biomedical or medical education leadership role in an academic medical center
- Previous and current record of innovative educational scholarship consistent with a faculty appointment in CCOM
- Demonstrated ability to formulate short- and long-term strategic plans to address challenges faced by the education enterprise
- Excellent interpersonal and oral/written communications skills
- Excellent teambuilding skills
- Demonstrated experience promoting diversity

### **Desirable Qualifications:**

- Experience with accreditation and reporting processes for LCME, ACCME or ACGME
- Experience with predoctoral and postdoctoral education
- Demonstrated ability to obtain education grant funding as a principal investigator
- Demonstrated ability to recruit and retain high quality educators and staff
- Demonstrated experience in successfully infusing diversity and cultural competency into medical and biomedical education
- Experience with education outcomes research
- Experience with budget management

The College of Medicine is currently ranked 11<sup>th</sup> among all public medical schools and 28<sup>th</sup> among all medical schools by US News and World Report. The University of Iowa is located in Iowa City, a vibrant and welcoming community in the rolling hills of southeastern Iowa that is noted for its public schools, medical and athletic facilities, attractive business district, parks, and literary, musical and cultural opportunities. Iowa City is one of the more diverse cities in Iowa, where the population is comprised of persons from a variety of racial, ethnic and cultural groups. A regional airport provides easy access to major cities in the United States.

The search committee will accept nominations and applications until the position is filled. Nominations should include a brief statement of the attributes and qualities of the individual that make him or her suited for this position and curriculum vitae.
