

## CHAIR, DEPARTMENT OF SURGERY

**The University of South Florida Health Morsani College of Medicine** invites applications for **Chair, Department of Surgery**.

The USF Health Morsani College of Medicine Department of Surgery serves the Tampa Bay area, which has a population exceeding 4 million people. The faculty, numbering 41, serve a total of seven sites, with a primary focus on Tampa General Hospital (TGH), the James Haley VA & Bay Pines VA hospitals, the Moffitt Cancer Center, and the All Children's Hospital. Given the incredible opportunities for synergies with community partners, the USF Health MCOM will be moving to a new downtown location in immediate proximity to TGH as the capstone of a \$2B private/public development project that will render Tampa into one of the most attractive urban areas in the U.S.

The Chair will provide strategic leadership and direction for all aspects of the Department. She/he must demonstrate passion for the institutional commitment to its mission of clinical excellence, education, and research, including inter-professional team building. The next Chair will lead faculty on its journey to a stronger academic culture, one focused on evidence-based surgery and a deep commitment to quality and safety in patient care; preparation for value based care; focus on becoming a leading graduate medical education program, competitive with the best of programs; and the integration of discovery and innovation with clinical practice.

Candidates will have an M.D. or M.D./Ph.D. with leadership experience, and a track record of translational and/or clinical research.

Please forward, applications or nominations of appropriate candidates to:

Warren E. Ross, M.D.
