

Quick Leonard Kieffer has been retained to assist Penn State Milton S. Hershey Medical Center, located in Hershey, Pennsylvania, in its search for a Chair for the Department of Pathology.

Penn State Hershey Medical Center, licensed for 551 beds, is a full-service, tertiary, and quaternary care institution with all major services represented in both adult and pediatric medicine. The Medical Center is a Level 1 Adult and Pediatric Trauma Center with over 67,000 emergency room visits a year. The medical staff consists of 1,100 physicians and other providers, and over 2,200 nurses, with a total staff between the hospital and College of Medicine of over 10,000. The Health System includes the 74-bed Pennsylvania Psychiatric Institute; the 98-bed Penn State Hershey Rehabilitation Hospital; Hershey Outpatient Surgery Center; Hershey Endoscopy Center; Horizon Healthcare Services, LLC; and over 60 physician clinics across Penn State's service area.

The Department of Pathology includes the Divisions of Anatomic Pathology, Clinical Pathology and Experimental Pathology. Faculty members' expertise covers the full spectrum of major pathology subspecialties in anatomic and clinical pathology; faculty in experimental pathology include highly successful scientists who have made significant contributions to the understanding of skin pigmentation, cancer genomics, viral oncogenesis, cancer detection, DNA mutagenesis and polycystic ovary disease. With 46 faculty members, 16 residents and four fellows, the Chair will have the opportunity to enhance the success of clinical operations, continue to develop the quality and scope of educational programs, deepen the research enterprise, as well as recruit, develop and lead a high functioning team.

The ideal candidate for this position will not only possess appropriate academic and leadership credentials, but will also exhibit commitment to the success of the department. He or she will thrive in a collaborative environment with high expectations and standards. The candidate should be a physician scientist board-certified in anatomic pathology, clinical pathology or both, and must qualify for the rank of full professor at the Penn State College of Medicine.

Nominations and expressions of interest should be directed to Robert Kuramoto, MD (managing partner), Sharman McGurn (managing partner) or Beth Miller (senior principal) of Quick Leonard Kieffer by phone at (312) 876-9800 or email at bmiller@qlksearch.com.
