- **Strong pediatric subspecialty support**
- Opportunity to be a part of a growing program with a goal to **build a cancer center**
- Protected time for administrative and teaching duties
- Opportunity for clinical research
- **Salary competitive with private practice - call for details**

Southwest Community

This is a terrific place to live with countless outdoor activities available and true wilderness literally at your doorstep. Indeed, there are not many university cities of this size where you can be cross country skiing on a mountain top as the sun comes up and still get back in time for your morning clinic.

- A major international airport and professional sports
- Metro area of nearly 1 million people
- Easy access to hiking, fly fishing, skiing, numerous golf courses and over 300 days of sunshine per year to enjoy them
- Extensive bike trails and paths throughout the city
- Major university with medical school and training programs
- Very low cost of living and diverse cultural activities
- Physician-friendly state with tort reform
- Live in the heart of downtown, up in the mountains or on several acres outside of town – all are within an easy commute to the clinic

This University is an equal opportunity affirmative action employer and candidates of all backgrounds are encouraged to apply. To be considered, please send your CV to medcareers@merritthawkins.com and reference job number 9462 or call Ally Geller at 469.524.1560
