

Academic Chairman – Family Medicine
Dignity Health / St. Joseph's Medical Center
Phoenix, Arizona

Merritt Hawkins is pleased to announce the availability of an Academic Chairman opportunity with one of the nation's premier and prestigious healthcare organizations. The Department of Family Medicine is seeking an individual to join this esteemed institution and serve as their Department Chairman.

Opportunity:

The primary responsibilities of the Chairman include maintaining quality, ensuring efficient best practice medical care for patients, overseeing Resident and Medical Education programs within the Department, and collaborating with medical group administration on strategic growth, departmental development and educational programs. The Chairman will also be involved in growing the residency program, developing additional fellowship programs, incorporating team based care to support the Patient Centered Medical Home care model, developing and incorporating meaningful quality metrics into daily processes and clinical care, and more.

"One of the 100 Best Places to Work - Modern Healthcare"

"#1 Acute Care Hospital (over 325 beds) in the state"

"Listed in the 100 Great Hospitals in America by Becker's Hospital Review in 2014"

About the Hospital: St. Joseph's Hospital and Medical Center

Located in the heart of Phoenix, Arizona, this nationally recognized center for quality tertiary care is a not-for-profit hospital that provides a wide range of health, social and support services with special advocacy for the poor and underserved. Services and Programs include Back to Family Medicine, Diabetes Group Visits, Maternity Care, Medical Home Care, a Procedure Clinic, and a Sports Medicine Clinic. It is a 586 bed general medical and surgical facility with 33,563 admissions in the most recent year reported. It performed 10,809 annual inpatient and 4,261 outpatient surgeries. Its emergency room had 83,170 visits.

Candidate qualifications:

The successful candidate will have an MD or DO degree with previous leadership experience in a clinical and academic setting. Preferred qualifications include having experience hiring and integrating midlevel providers, PharmD, and dietitians, effectively, while incorporating Home visits, and developing Post-Acute Care models. Experience integrating technology in appropriate and cutting edge ways such as digital video recording of visits and virtual visits, is a plus.

Living In Phoenix: population ~4.5 MM

Phoenix is now America's sixth-largest city — a sophisticated, urban region of more than 1.4 million people with a marketplace valued at more than \$50 billion. The population is young, educated, multi-cultural and upwardly mobile. Residents are as equally dedicated to hard work as they are to play. They are culturally and artistically minded and new and long-established residents alike share an appreciation of the unique land they call home.
