Mike Runner of Multimin USA Honored by Oklahoma Cattlemen

OKLAHOMA CITY, OKLA., July 27, 2014 – The Oklahoma Cattlemen's Association (OCA) honored Mike Runner with Multimin USA as the Allied Industry Award Winner. The award was presented during the recent OCA Convention and Trade Show.

"The Allied Industry Award was developed to recognize industry leaders who have gone above and beyond to provide support to the OCA," said Charlie Swanson, OCA President. "Allied Industry support comes in two forms: the first and most obvious is financial support; secondly, is the leadership and participation in developing and implementing programs to help the OCA grow."

Multimin is a sure trace mineral supplementation given by timed injection. It provides adequate levels of the essential trace minerals (Zinc, Manganese, Selenium and Copper) as chelates that can be injected to significantly increase trace mineral status and functions.

"Mike is always willing to provide suggestions and seems to find a way to help wherever he is needed," Swanson said. "Multimin is currently helping fund scholarships for junior cattlemen, sponsors a host of annual meetings, provides ideas and inputs about meetings and offers resources at his disposal to help with educational seminars."

The OCA represents more than 5,500 Oklahoma ranching families. The OCA exists to support and defend the state and nation's beef cattle industry. The OCA officers, board of directors and membership encourages you to join us in our advocacy efforts to ensure less government intervention, lower taxes and a better bottom line. For more information about OCA membership, the theft reward program or activities call 405-235-4391 or visit www.okcattlemen.org.
