

Project Designer

Ryan Duebber Architect (RDA) is a small design firm located in Cincinnati, Ohio (Pleasant Ridge) specializing in architectural, interior, and furnishings design for middle to high end residential building projects. The mission of our firm is to serve each client by providing a high level of service through thoughtful communication, collaboration and innovation. Design solutions are created to express the uniqueness of each client, enhance life and celebrate the craft of building.

Qualifications:

- 2-4 years experience in residential architecture and/or interior design
- Proficient in Autocad
- Adobe Suite, Microsoft Excel and Sketch-up experience
- Architecture or Interior design degree
- Strong design, communication, presentation and production skills
- Material and finish selection skills
- LEED accredited a plus

Job Description:

We are looking for a design professional that is passionate, self-motivated and teachable. The office culture and atmosphere is relaxed, innovative, team oriented, hard working and fun. Project designer will develop projects closely with design principal from concept through construction phase. They will be responsible for managing production of design drawings and construction documents while collaborating with material suppliers, consultants and contractors.

Please email resume and portfolio to Ryan Duebber at ryan@rda-architecture.com. No phone calls please.
