## the awards

The Cincinnati Chapter of the American Institute of Architects (AIA Cincinnati), the International Interior Design Association (IIDA) Cincinnati/Dayton City Center, the American Society of Interior Designers (ASID) Cincinnati/Dayton, the Society for Experiential Graphic Design (SEGD) Cincinnati Chapter and the Miami Section of the American Society of Landscape Architects (ASLA) invite their members to present their best work in their respective annual design competitions. All entries will be judged by a common jury of distinguished guests connected to all facets of the design profession.

The awards ceremony will be held on **Friday – 11.13.15**. Winners will be announced at the **cda nineteen** awards ceremony at the Woodward Theater in downtown Cincinnati. It is the goal of this program to recognize local and regional designers and design firms for their outstanding work in the community and also to educate the general public to the benefits of supporting quality design.

## submittal requirements

All entries must be purchased and submitted online: *There are two separate deadlines. You must register with your entry fee to receive a number assignment in order to submit your project by the final DEADLINE.*

### *entry deadlines*

**Friday, October 9th @ 5:00pm** | Entry Fee and Number Assignment

**Friday, October 30th @ 5:00pm** | Submittal Form and FTP Upload

## digital submittal

*Slide templates, Project Information and Project Description forms will be provided via email by AIA following registration. All are to be completed and included with your submittal. Each submittal shall include a solely digital copy, as follows:*

**A. Fifteen (15)** digital drawings, graphics, and photographs (maximum). Download the template with 16 PowerPoint slides. The cover slide should only be modified to include your entry number. On the remaining 15 slides, place your project images in the order you wish for them to be seen. You will be solely responsible for the results of your images on the templates. Images must **not** reveal the names of the entrant and/or architects, firms, other designers, or photographers. Please do not put project entry numbers on the images. Project imagery should contain a combination of drawings and photos that provides the jury a complete understanding of the project including its details and its larger context, as applicable. For un-built work entries, images should adequately convey the intent and purpose of the project.

Label the PowerPoint presentation: Entry Number\_Category. For example, if your entry number is "A-123" for the "Built Work" category, label the PPT as "A-123\_Built Work."

**B. Four (4)** images of your choosing for use during the Awards Banquet. Download the template with 4 PowerPoint slides in addition to the 16 described in Section A. Place your images into the 4 slide templates in the order you wish for them to be seen. These slides will be used as an overview of the project during the reception portion of the event. Label this PowerPoint presentation: Entry Number\_Reception (e.g., A-123\_Reception).

Each of the images for A and B will be shown through PowerPoint at a screen resolution of 1024x768. Prior to inserting into PowerPoint, images should be sized approximately to 1024x768, compressed to 150 dpi and saved in JPEG file format.

Upload your Project Information and Project Description Form along with your digital submittal – A and B – to the Hightail link provided with your entry fee and number assignment receipt. Confirmation will be provided to you. Items must be received by deadline date, no exceptions. Any missing information results in disqualification.
