For the first time, the 2015 AIGA Cincinnati Design Week will include participation from the Cincinnati Design Awards program!

See the full schedule at:

www.cincinnatidesignweek.com

The Cincinnati Design Awards program (CDA) has been honoring the best design projects for the built environment by local creative firms for almost 20 years. "2×4" is your chance to see recent award winning work and hear the designers speak about influencing the built world from diverse disciplinary perspectives. Four creative disciplines will each be represented by two projects presented in a 15 minute time frame—for an hour long fast paced event. All projects are recent award winners that represent the most cutting edge design Cincinnati is producing in architecture, interior design, experiential graphic design, and landscape design. CDA is a joint program among AIA, IIDA, ASID, ASLA, and SEGD.
