\$15 non-members

Presented By:

Dan Nizzi
Upstate NY Sales Manager,
Superior Walls

Venue Sponsor

The V Collective

Review the basics of concrete, and learn what makes Insulated Precast Concrete Walls a desirable construction material from manufacturing to the install and final inspection.

This session qualifies for (1) HSW LU.

Course Learning Objectives are:

(1) Participants will be able to identify at least four features and benefits of using insulated precast concrete wall panel systems over conventional methods, (2) Participants will learn the current Code requirements for precast concrete and discuss life safety issues and the manufacturer's installation instructions and various construction documents, (3) Participants will learn what information manufacturers need before ordering wall panels, (4) Participants will be able to identify the energy and sustainable green benefits of insulated precast concrete wall systems, and discuss potential LEED and NGBS Green Building points.

Location:

The V Collective

21 Whitney Dr.

Milford, OH 45150
