# Webinar: Leadership Development through Mentoring

**Register now for this FREE 45 minute webinar on enhancing your organization's leadership, coaching and cultural competency skills through mentoring.**

Managing a successful business in today's fast-paced, competitive, and demanding world means finding low-cost, high-quality solutions for your organization's needs. Your people are your greatest resource and strategically developing their talent and collective knowledge can translate into real bottom line results.

Mentoring is a cost-efficient solution to enhancing your organizational talent recruitment strategies.

**You Will Learn:**

- Business advantages of mentoring as a low-cost-no cost talent acquisition and leadership development program.
- About the ROI of mentoring in developing leadership skills of existing talent, attracting new talent, building culturally competent staff and enhancing organizational branding.
- How other BC employers have integrated mentoring into their HR and professional development strategies.
- How IEC-BC's established mentoring program, MentorConnect brings job-ready new Canadians together with local established professionals in occupation-specific mentoring relationships for success – yours and theirs.

**When:** 10.00 AM - 10.45 AM. Tuesday, June 2, 2015
