

WHAT IS CRUSH?

the **CRUSH** project

A group of young people, **like you**. Together you will explore healthy relationships and how to stay smart when dating

WHY SHOULD I GO?

Because you and your relationships are important...you may need help and support to understand the behaviour of your girl/boyfriend...or you may be living in a household where there is a lot of fighting or arguing

WHAT GOOD WILL IT DO?

You will understand why we behave like we do, how we can stay safe, how we make good relationships and how we recognise danger signs when dating

You will not be made to feel embarrassed. **You will not be expected to talk about personal things**. You will have chance to talk about things that are important to you. **You will be taken seriously**

You will be an important part of the group
