

The Brandon Recreation Department has teamed up with veteran theatre director, Nancy Manney, to reboot the youth drama program with an hilarious production of "Snow White and the Seven Dwarfs" Starting essentially from scratch, our theatre program is building sets, creating costumes and pooling resources to establish a AAA feeder system for the World Class Otter Valley Walking Stick Theatre.

K-6th grade students from Neshobe, Leicester and Whiting schools are preparing for performances scheduled for December 5th, 6th and 7th on the OVUHS stage which presents a wonderful set of sponsorship opportunities. Any support you can provide will be greatly appreciated. Our ad rates and information are on the form below

If you have any questions, please do not hesitate to contact me.

Cheers,

Bill Moore
